Lantz Indergard
Lisbon Valley Mining Company LLC
PO Box 400
Moab, Utah 84532

Subject: Final Approval of Amended Notice of Intention to Commence Large Mining Operations, Lisbon Valley Mining Company LLC, Lisbon Valley Mine, M/037/0088, San Juan County, Utah

Dear Mr. Indergard:

The Division of Oil, Gas and Mining approves the amendment, received August 10, 2012, for expansion of Waste Dump B based on concurrence from the Bureau of Land Management for release of grading requirements for Waste Dump C received on October 1, 2012. The Division has also received the archaeological study associated with the new disturbance related to the expansion of Waste Dump B on State Land. One site of cultural significance was found, but its avoidance led to a determination of no historic properties affected.

No additional reclamation bond is required based on a trade of reclamation liability associated with Waste Dump C for the expansion of Waste Dump B.

Thank you for your cooperation and patience in completing this permitting process. Please contact Tom Munson at 801-538-5321 or me at 801-538-5261 if you have questions regarding this approval.

Sincerely,

Paul Baker
Minerals Program Manager
